

BRITISH EDUCATION SUPPLIERS IN CHINA

The British Chamber of Commerce in China, founded in 1981, is a membership organisation and the independent voice of British business in China, funded solely by our members. We empower and support our members through our core pillars;

Advocacy, driving government engagement to advocate for better policy development and market access

Knowledge, facilitating key exchanges in insight and information to inform your organisation's decision-making

Community, bringing together people from our business network and beyond to enable people-to-people exchanges

WELCOME

On behalf of the British Chamber of Commerce in China, we are pleased to present the British Suppliers Education Directory, designed to connect British Businesses across China. This directory serves as a comprehensive resource, offering valuable information on a wide range of businesses that support the educational community in China. Whether you're looking for assessment and certification providers, student support services, educational resources, or other services, you'll find a diverse range of companies committed to excellence in education.

We hope this directory helps you build valuable connections and supports your efforts in fostering the growth and development of education in China. Should you need assistance or further information, please do not hesitate to reach out. We look forward to seeing the positive impact these connections will create!

“

Creating opportunities for collaboration between UK education businesses and British-style schools in China is key to enriching educational standards. The British Chamber of Commerce is proud to support these important connections and contribute to the development of education in China.

”

Chair, British Chamber of
Commerce in China

HOW TO USE

This directory is designed for UK schools to identify reliable British suppliers operating within China. Whether you are fitting into your busy schedule or reading during a coffee break, each page provides a concise introduction to each supplier, offering a snapshot of their services. We've also included direct links to each supplier's profile. Should a supplier appear to be a potential match for your needs, these links will take you to more detailed information.

How to use:

- **Categories:** Companies are organized into five core categories for easy navigation. Each section is colour-coded for quick reference.
- **Company Information:** Each listing includes key contact details, company offerings, and relevant hyperlinks to explore more about the services they provide.
- **Navigation:** Simply click on the links to be directed to specific company pages and additional information.

ADVOCATING FOR SCHOOLS ACROSS CHINA

This year the British Chamber of Commerce in China has been very pleased to see the impact of our advocacy in the education sector, with numerous crucial policy changes being implemented.

Following consistent advocacy in recent years on behalf of vocational education, last year the Chinese government announced that 115 (mostly international vocational qualifications) would be added to its whitelist, resulting in them becoming legally recognised. This change has brought crucial benefits to a wide array of British education providers and represents an important shift towards policy approach to China's educational landscape.

Furthermore, following our advocacy last year, the proposed Individual Income Tax (IIT) has seen a vital delay until the end of 2027. This was among members' top concerns last year, and the delay will relieve pressure, particularly on international schools that educate the children of foreign nationals in China.

Beyond this the '24 Point Guidelines' emphasis on areas including foreign investment, vocational training and pathways for employing foreign staff are all highly welcomed. It is important that these guidelines are turned into tangible actions to support the continuing improvement of education in China.

OUR POSITION

- 1. ENSURE EDUCATION PROVIDERS CAN CONTINUE TO PROVIDE EXAMS WITHIN CHINA;**
- 2. FORMALISE THE RECOGNITION OF INTERNATIONAL QUALIFICATIONS IN ALL-ROUND EDUCATION;**
- 3. LOOSEN WORK EXPERIENCE AND COUNTRY OF ORIGIN REQUIREMENTS FOR TEACHERS;**
- 4. CANCEL PROPOSED INCOME TAX REFORM TO ENSURE LONG-TERM BUSINESS COMMITMENT;**
- 5. BOLSTER INTERNATIONAL STUDENT NUMBERS BY ALLOWING UNDER-18S TO STUDY IN CHINA;**
- 6. PROVIDE ACCESS TO KEY INTERNATIONAL PROFESSIONAL QUALIFICATIONS,**
